INTERNSHIP EXPERIENCE

Library Management System (LMS) | VSM NGO Thane

Aug-Oct2024

Developed and deployed a live Library Management System for VSM Organization, an NGO dedicated to supporting students in their educational journey. The system is actively used by a large number of students and Librarians, streamlining their access to educational resources.

Designed key features such as book availability checking, issue requests, and transaction tracking, enhancing accessibility for students. collaborated with a team to create a user-friendly interface using HTML, CSS, JavaScript, PHP, and MySQL.

Cloud Intern | IFuture technologies Pvt Ltd

Dec 2023

Focused on Microsoft Server Management and Offline Apps in Private Cloud during the internship. Learned to design offline applications to optimize performance and reliability in cloud-based systems.
